SNAP The Illinois Supplemental Nutrition Assistance Program (SNAP) can help you with food costs. Benefits are provided on the Link Card – an electronic card that can be used at most grocery stores. Our SNAP representative will work with you during food pick-up hours to submit your application online while you wait.

EMERGENCY PUBLIC BENEFIT ASSISTANCE If you have an emergency housing or medical need, set up an appointment to meet with an advisor for assistance.

JOB SEARCH SUPPORT Make an appointment to get help with your job search. Career coaches at Loaves & Fishes offer technical and practical job search support for anyone who is unemployed or looking for a job change. Work one-on-one with a coach to improve your resume, networking techniques and interviewing skills.

COMPUTER CLASSES We'll now have 8-week computer training classes teaching basic use of computers, working online, MS Word, and Excel. If you complete all 8 sessions, you will receive a free, refurbished computer complete with Microsoft software. People's Resource Center is a partner of Loaves & Fishes.

TAX PREPARATION Your tax questions are important. Be prepared for your 2011 tax returns. Loaves & Fishes offers free tax preparation for low income families in DuPage County. Tax return preparations will begin in January, 2012.

MONEY MANAGEMENT Meet with a counselor who can help find solutions to your Money Management questions, including "How can I go to college?" "How can I get credit?" "How can I set up a family budget?"

TUTORING CLASSES (Literacy DuPage) Would you like to improve your English speaking, reading, or writing skills? If you have difficulty attending classes and would like to know more about individual tutoring lessons, contact Loaves & Fishes for information.

EMOTIONAL SUPPORT (Samaritan Interfaith) Many people, both children and adults, struggle with emotional and physical hardship. Samaritan Interfaith counselors can help with encouragement and advice for you, your family, or your friends.
